

DEL SLi

BEST EQUIPPED AMONGST 3i APPLIANCES

None of the other comfort instantaneous water heaters with 3i technology have such a wide range of features as the DEL SLi. With backlit multifunction display, temperature memory and a child safety feature, it offers best-in-class comfort and convenience.

The right temperature in small steps

The DEL SLi has a rotary selector for variable adjustment of the temperature from 30 °C to 60 °C in increments of 1.0 °C.

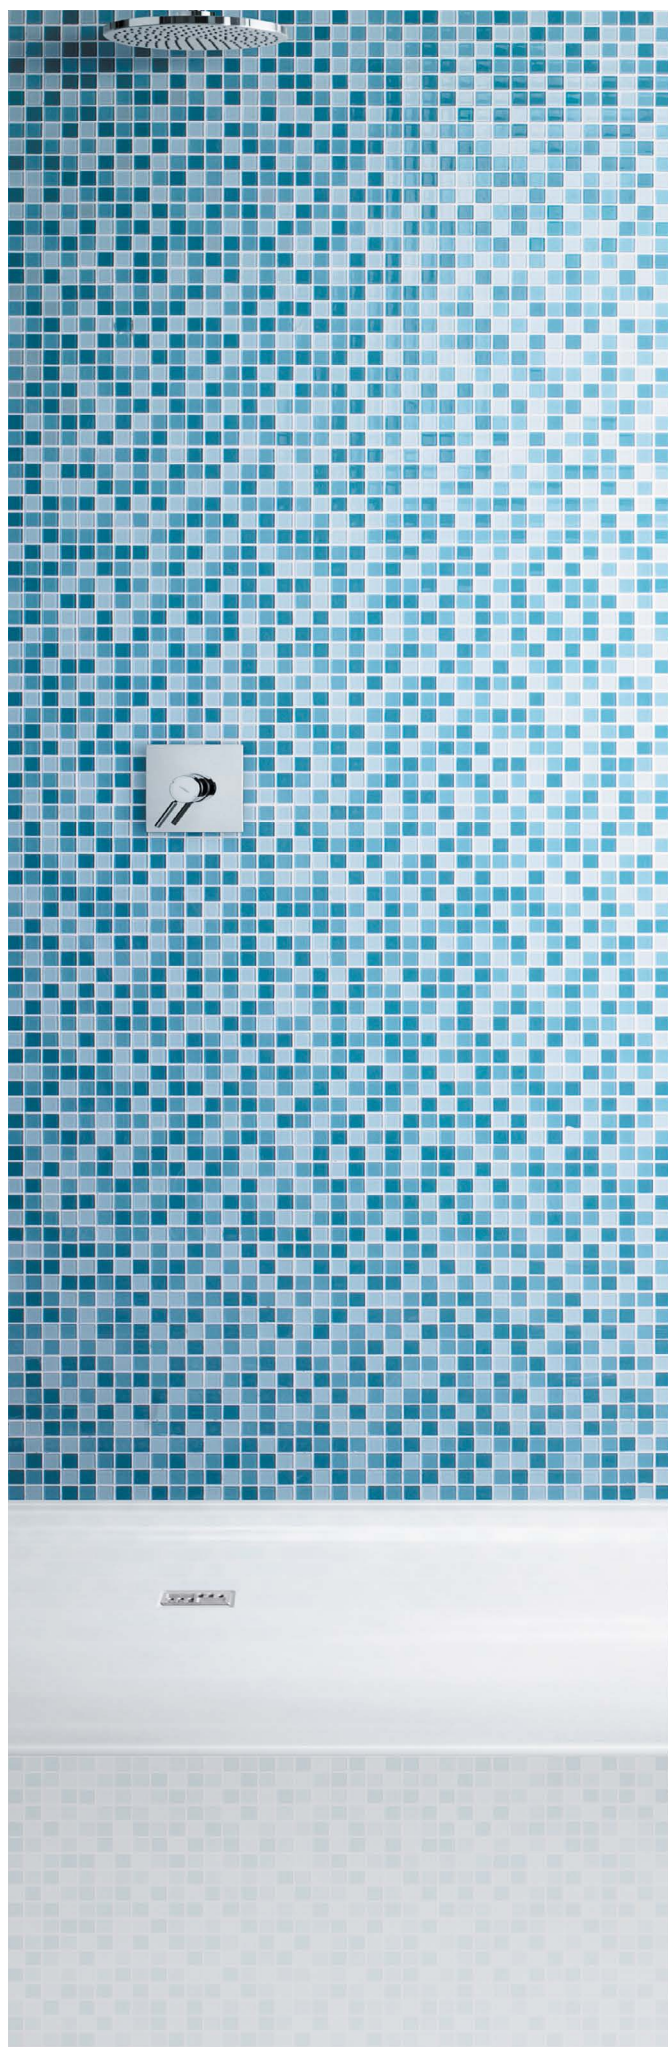

Benefits for your home

- › 3i technology for accurate temperature delivery up to maximum output
- › Backlit LCD
- › Temperature memory keys
- › Adjustable temperature limit for childproofing (anti-scalding protection)
