

SHW ACE

OUR ECONOMICAL SOLUTION FOR DOMESTIC HOT WATER

As the standard model, the SHW ACE floorstanding cylinder is an exceptionally economical, yet powerful, hot water solution for the whole house, because it can supply hot water to multiple draw-off points.

Robust and reliable

All models, from the standard version up, feature a solid steel tank with a special enamel coating on the inside – for a long service life.

Benefits for your home

- › Rapid heat-up key
- › Easy to maintain due to protective anode with consumption indicator
- › Thermometer for operational monitoring
