ATENA | WINDSOR

Cast-iron design retro radiators

Cast-iron retro radiators provides heating of stylish interiors in an unique ageless and stylish retro design. Decorative radiators Atena and Windsor are ideal solution for historic buildings or retro style buildings while providing almost unlimited service life. They can be coated in almost any RAL scale color or in clear coating.

Heating output based on type:
86–112 W/section

Advantages:

- almost unlimited service life
- standard radiators assembled in our factory with a 20-year warranty
- ageless and authentic retro design
- rich decorative relief
- optional final coating in RAL colours
- optional industrial look with clear coating
- floor standing
- reasonable price and high quality
